Household Waste Not Accepted At The Transfer Recycle Station

Per notice from Massachusetts Department of Environmental Protection (MassDEP), the Milford Transfer Recycle Station does not have a site assignment to handle household waste. The facility was originally approved to only accept "bulky wastes" which includes large items such as, couches, furniture and other large items that cannot be collected as part of the regular curbside solid waste pickup. Therefore the facility will NO LONGER accept non-recyclable trash, such as typical household garbage and rubbish, that originates from private homes or apartments.

Recyclable products such as plastic containers, newspaper, cardboard, textiles, cans, other metal, grass, leaves and brush are always accepted at this recycling facility.

MILFORD BOARD OF HEALTH

2022 / 2023 Trash & Recycling Holiday Schedule

The Milford Board of Health would like to remind Milford Residents that the following holidays are the only holidays recognized for trash and recycling collection delay. When a holiday falls on Monday thru Friday, trash and recycling collection will be delayed by one day for all collections after the holiday for that week.

Independence Day	July 4, 2022	Mon., Tues., Wed., Thurs. & Fri. pick-ups	1-day delay
Labor Day	Sept. 5, 2022	Mon., Tues., Wed., Thurs. & Fri. pick-ups	1-day delay
Thanksgiving	Nov. 24, 2022	Thurs. & Fri. pick-ups	1-day delay
Christmas	Dec. 25, 2022	No Delay	
New Year's	Jan. 1, 2023	No Delay	
Memorial Day	May 29, 2023	Mon., Tues., Wed., Thurs. & Fri. pick-ups	1-day delay

i.e.: for a Monday holiday, if your scheduled trash/recycling pick-up day is on Monday it will be picked up on Tuesday, Tuesday's pick-up will be on Wednesday, Wednesday's pick-up will be on Thursday, Thursday's pick-up will be on Friday and Friday's pick-up will be on Saturday.

If any holidays fall on a weekend they will NOT be delayed.

Please have your trash and recycling at the curb by **7:00 AM**. The same route for pick-up is not always taken.

Please do not place trash barrels and recycling bins in the road where they can interfere with traffic and snow removal operations.

If there are any questions concerning this information, you may call E. L. Harvey at 1-800-321-3002 or 508-634-2315

As of March 1, 2020, the Town of Milford has implemented a mattress and box spring recycling program.

Mattresses and box springs are no longer considered a waste and cannot be placed at curbside for regular waste collection.

These items must be taken to the Milford Transfer Facility to be recycled. Each mattress and box spring costs \$20. Recycling a mattress and box spring creates useful products instead of disposing of its valuable resources in an incinerator and helps lower our costly waste tonnage. Thank you for helping us provide a greener future.

Textile Recycling

Simple Recycling will be scheduling pick-ups at your convenience. No more waiting for your recycling day to have your textiles picked up on curbside.

Dear Milford Residents:

We are pleased to provide you with this new guide to our solid waste and recycling services provided by the town of Milford's Board of Health. Thanks to you, our community has been able to recycle thousands of tons of material that would have normally ended up in the incinerator. This has saved our community and our environment a great deal. Your cooperation to improve recycling efforts in your home will always be appreciated.

Board Members,
Kenneth C. Evans
Leonard A. Izzo
Paul A. Mazzuchelli
